REV. WM. BENZING GONE. Young Woman of Fredonia Has Also Disappeared.

Disclosure Creates Flurry in The Northern Part of County.

Benzing's Resignation Has Been Accepted by The Methodist Church--Wife Preparing to Sell Property to Return to Indiana--De- tails of the Story.

The Rev. Wm. Benzing, a well known minister of this county is missing and thereby hangs a tale.

Mr. Benzing has shaken the dust of Chatham off his feet and has left for parts unknown. A young woman named Miss Mabel McDonald is also missing.

The preacher's wife is now engaged in preparing for a sale of her household effects and after disposing of her property next Monday, it is said that she will return to her former home in Indiana.

The news of the affair is now passing from mouth to ear throughout all northern Licking county, and is creating a great flurry for Mr. Benzing was not only widely known, but was highly respected by his church members and by the people in general.

Wm. Benzing is a middle aged man. Some say he is 35, others state that he is 40 years of age. He is married to an estimable woman, but has no children. His wife, it is alleged, has not been in the best of health. Some time ago Mr. Benzing was identified with the United Brethren church, but for three years he has lived in Chatham and has been a Methodist minister, preaching on the circuit embracing the churches of Chatham, Fredonia, Appleton and Liberty. He was talented, and besides being an able pulpit orator, was a good pastor and was universally liked. He had a kind word for everybody and everybody had a good word for him. He was welcome at almost any home in northern Licking county.

Word that William Benzing had left the straight path fell like a thunderbolt from a clear sky. At first nobody would believe it. Now, if reports which reach the Advocate can be believed, nobody doubts it.

That Benzing is gone there is no doubt; that Miss McDonald is missing is likewise true; that Mrs. Benzing is preparing to sell out and leave is another assertion that can be vouched for. The minister has sent in his resignation and it has been accepted by the Methodist conference.

A report which came to the Advocate from Chatham Tuesday afternoon has it that Mrs. Benzing recently discovered the alleged fact that her husband was devoting more attention than he should to a young woman. Trouble followed and an agreement to separate was arrived at. He is said to have divided his property and to have agreed to leave Mrs. Benzing her fair share.

Some time ago he became acquainted with Miss McDonald, a young woman 13 or 14 years of age, living near Fredonia. The young woman is the daughter of a respectable farmer living on the Crysler farm. She attended Benzing's church. Last spring she went to his residence to help with the housework. Today it is said that before going away Benzing told the girl's father that he would marry her as soon as his wife could obtain a divorce.

At the recent Methodist church the resignation of Mr. Benzing as a pastor in the Methodist church was received. There being no reason apparent why it should not be accepted, the resignation was formally acted upon and Mr. Benzing severed his relations with the church without trouble. Subsequent events show that he would not have been allowed to resign. If the story that now comes out had been known at that time Benzing would have had to stand a church trial and possibly would have been expelled from the church. As it is the church has been saved the trouble of a trial and a possible expulsion.

Where Benzing has gone nobody seems to know. Inquiry made by the Advocate Tuesday afternoon in Chatham and Fredonia throws little light on the subject. He has gone and that is about all the people of those towns know about it.

The Advocate made special inquiry about the reputation of the young woman in the case. But one answer came—everybody united in saying that she has been a highly respected young woman.

IN AUTO This Daylight Robber of Cleveland, O., Is Traveling.

Cleveland, O., Oct. 6.—The police are today searching high and low for a daylight robber who travels in an automobile.

Late Monday a young man in an automobile stopped in front of the home of Mrs. Alice Franz, 1289 Clark avenue. Coolly he swung up the walk and entered the house. A moment later he reappeared, jumped into his auto and steamed away.

Mrs. Franz rushed from the house and called that she had been robbed. The police tried to catch the hold automobile but he was too speedy. The merry robber had taken away several diamond rings and other valuable jewels.

BOUND By Oath to End the Hatfield Pesterity —Ohio Man is Killed by a Young McCoy Lad.

Nolan, W. Va., Oct. 6.—Everett Thompson, who formerly lived near Wheelersburg, Scioto county, O., was shot and killed by Will McCoy, less than 20 years old, and who is a grandson of "Old Man" McCoy, the feudist of Pike county, Kentucky.

McCoy, after shooting Thompson through the heart with a Winchester deliberately walked toward the river, keeping his eyes however, on an assembled throng on the shore defying them to attempt his arrest. McCoy crossed to Kentucky and was lost from view in the mountains of his native state.

Thompson married a relative of "Devil Anse" Hatfield about three months ago and was a popular young man in the community. McCoy, who was slightly intoxicated, knew of the wedding, and, remarking that each of his kind had taken an oath to put a stop to Hatfield posterity, fired the fatal shot.

Mr. Bissell's Condition.

Buffalo, N. Y., Oct. 6.—According to a statement made this morning by Dr. Dewitt H. Sherman there is no change in the dangerous condition of former Postmaster-General Wilson S. Bissell. Friends have given out the information that Mr. Bissell's disease is a cancerous one.

SPEED Of 125 Miles an Hour Made By Electric Car.

Berlin, Oct. 6.—The world's speed record has again been beaten on the electric railway near Berlin. A ninety-five ton car, carrying twenty persons, today made a speed rate of 125 miles an hour over a 23 mile track. Experts say the experiments have proved the safety and practicality of an electric railway over which cars can run at a normal speed of 95 miles an hour.

STORM Causes Two Vessels to Go Down--25 DROWN.

Berlin, Oct. 6.—A terrific storm swept over the Baltic and North Seas today and a number of maritime casualties are reported. The steamer Flensburg foundered in the North Sea and her crew of 13 were drowned. The bark Clara went down off the coast of Schleswig and her crew of 12 were lost.

A. O. U. W. Grand Lodge Will Meet in Cincinnati on October 20 to Discuss New Rates

Cincinnati, Oct. 6.—The Ohio Grand Lodge meeting of the Ancient Order of United Workmen will be held in Cincinnati October 20.

The proposed advance of rates in the beneficiary and insurance departments of the order will be the questions up for discussion at the meetings. The state officers have been trying to raise the rates for some time, as they deem the increase necessary to save the organization.

An actuary was employed several weeks ago to compile a new rate table and it is believed his report will be ready for action before the date set for the convention. It is the hope of the Grand Lodge that the new tables will be adopted by the delegates in the convention.

STEEL Company Cuts the Divi- dend on Common Stock.

New York, Oct. 6.—At the meeting of the directors of the U. S. Steel company this afternoon a quarterly dividend of 1-2 of 1 per cent was declared on common stock and 1 1-2 per cent quarterly on preferred stock. The dividend on common stock is thus cut in half, making the stock pay only 2 per cent instead of 4 per cent, as had been expected.

Both common and preferred stock made slight advances today but the cutting of the dividend on common stock had a tendency to keep the selling price down.

DEVERY Has Been Nominated for Mayor of New York by Independent Peo- ple's Party.

New York, Oct. 6.—William S. Devery was nominated for Mayor of New York City last night at the convention of the Independent People's party.

It is denied again that Comptroller Grout and President Farnes, of the Board of Aldermen, will voluntarily withdraw from the Fusion ticket. The complication that has arisen over the acceptance by them of the Democratic endorsement remains the Democratic endorsement of the political situation in Greater New York, and the fight for and against them is being actively waged.

It is down to a question of memory and veracity between Mayor Low and Comptroller Grout as to the former's knowledge of the latter's plan to accept Democratic endorsement. The Mayor in rejoinder to the last letter of the Comptroller says he has no recollection of a second conversation about the Democrats endorsing Grout.

Two Boys, Two Girls.

Starke, Fla., Oct. 6.—The wife of Wm. Tyson, colored, living three miles from here, has presented him with quadruplets, two boys and two girls. Both boys died soon after birth and the two girls lived several hours. A photograph of the parents is to be sent to President Roosevelt.

MORE Indictments Have Been Found

A New Chapter in the Postal Scandal

CHARGE CONSPIRACY TO DE- FRAUD GOVERNMENT.

BRIBERY IS ALSO MENTIONED

In the Report Made to the Court-- Several of the Defendants Give Bail.

Washington, D. C., Oct. 6.—Fifteen new indictments were returned in the postal cases by the Federal Grand Jury yesterday afternoon. Most of the bills were against men who have heretofore escaped the dragnet, but who were expected to be caught before the investigation ended. The grand jury, after making its report, adjourned, and no further indictments are looked for. In other words, the inquiry, which began last March and has resulted in such sensational developments, is practically closed. Next will come the trials of the accused, and these will begin this month.

The men indicted are James N. Tyner, former Assistant Attorney-General for the Postoffice Department, who was summarily dismissed from office several months ago when his wife rifled the safe in his office; Harrison J. Barrett of Baltimore, who is General Tyner's nephew, and who served under him for three or four years, retiring to practice before the Postoffice Department in 1900; James T. Metcalf, former Superintendent of the Money Order Division, who was dismissed because he insisted on awarding a contract for blanks to the second instead of the lowest bidder; Metcalf's son, Norman, who was employed by the Wynkoop-Hallenbeck-Crawford Company of New York, which Metcalf sought to favor, unduly, as alleged; W. D. Doremus, who is charged with conspiracy with George W. Beavers, formerly Superintendent of the Salaries and Allowances Division, who has been indicted again; W. Scott Towers, former Superintendent of a postal sub-station in this city, who was dismissed from office last week; State Senator George E. Green of New York; Harry C. Hallenbeck, of the company previously mentioned, and August W. Machen.

Concerning the indictment against Tyner and Barrett the following statement was made by the Postoffice Department:

"Three indictments charge Tyner and Barrett with conspiracy, and two additional indictments charge Barrett with agreeing, while still in office, to receive fees for services rendered or to be rendered in cases pending before him as an officer.

"All the indictments are founded upon the treatment by Tyner and Barrett of the business of the so-called bond investment companies.

"It is charged that it was the duty of Tyner and Barrett, Assistant Attorney-General and Assistant Attorney for the Postoffice Department, to investigate the methods of concerns charged with improper use of the mails, and in case of guilt to report to the Postmaster-General and recommend the issuance of an order that would prevent the delivery of mail or the payment of money orders to those concerns, and would thus break up their business, Tyner and Barrett conspired to give them unobstructed use of the mails in order that Barrett might profit thereby.

"It is charged that Barrett had entered into an agreement with J. H. Nelms, of the Baltimore bar, for a partnership in law, to become effective January 1, 1901, the object being to share in the profits which might arise from representing bond investment concerns before the Postoffice Department; that in pursuance of conspiracy with Tyner, Barrett investigated the schemes of the concerns, and wrote and signed the report thereon; that this report declared the business in its existing form to be illegal and not entitled to the use of the mails, and that it could be made over so as to be legal; and that Tyner and Barrett procured the signature of the Postmaster-General to a letter written by Barrett, stating that a reasonable time would be given to those companies for making over their business; that this would time their use of the mails which would not be interrupted.

"It is charged that this opinion was printed at the Government expense and sent to every known company with a circular letter to each, stating that the business of that company was illegal; that at about the same time, December, 1900, Barrett sent to each company an announcement that he had resigned his position and entered into a partnership for the practice of law at Baltimore and Washington. The purpose of the conspiracy is alleged to be the sending of business to Barrett's firm—especially as to the opinion gave no instructions as to the proper way of making over the contracts, but showed that Barrett knew how it was to be done. In pursuance of this conspiracy it is alleged that Tyner and Barrett refused to consider or approve new contracts submitted prior to the time Barrett retired except for the one or two concerns that had already retained his services.

"The indictments cite specific cases in which Barrett, while still in office, sought or agreed to receive fees, or in which, after Barrett retired, Tyner referred clients to him and approved new contracts at his suggestion without even reading them over."

The principal charge against Tyner and Barrett is that of misconduct in office in obstructing and preventing the due and orderly administration of law. It is said that there were no less than 80 of the so-called bond investment companies to which the opinion of the department was sent, together with the circular intimating that Barrett's services as attorney could be secured.

INJURY

OF WHITE HOUSE GUARD IS VERY SERIOUS.

Big Piece of Glass Taken from His Arm—Extra Guard for the Presi- dent Today.

Washington, Oct. 6.—Arrangements have been made for an extra guard for the President at the memorial services in honor of the late Sir Michael Herbert, at St. John's church today. These precautions are the result of the threat made by an armed crank, Peter Elliott, at the White House yesterday. After every visitation from these erratic gentry, the Presidential body guard is increased, for as a rule the publication of one attempt is almost immediately followed by the appearance of other uninvited guests who come to the White House for the purpose of asking the President to right their imaginary wrongs.

Officer James Ciske, the White House doorkeeper, was much more severely injured than was at first supposed. Surgeons at the emergency hospital extracted a piece of glass two inches long by half an inch wide from his arm. It had severed an artery and though the bleeding was promptly stopped at the hospital and there is no more danger from that score, the whole arm is terribly swollen, and blood poisoning may set in.

HAS A "DOUBLE"

Chicago, Oct. 6.—Edmund J. Callahan, the ex-policeman convicted of the charge of burglary, awaiting trial on the charge of having murdered a saloon keeper, and who has always protested his innocence, has learned for the first time from his name became linked with the crime. Callahan has a double in the person of James Langdon, a much wanted safe blower and general criminal. The September grand jury learned of this "double" and it indicted Langdon as a preliminary step toward setting Callahan free.

RAILWAY

COMPANIONS HAVE RIGHT UNDER THEIR CHARTER

To Conduct Employees' Relief Associa- tion—Decision of the Supreme Court Today.

Columbus, O., Oct. 6.—The Supreme court today, reaffirmed a former decision by holding that the railroad companies in Ohio have the right under their charter to conduct an employees' relief association. In today's decision the Crawford county circuit court was reversed. It had held in the case brought by the predecessor of Crawford county, against the Pennsylvania railway company that the railroad should be ousted from doing an insurance business.

MANY TONS

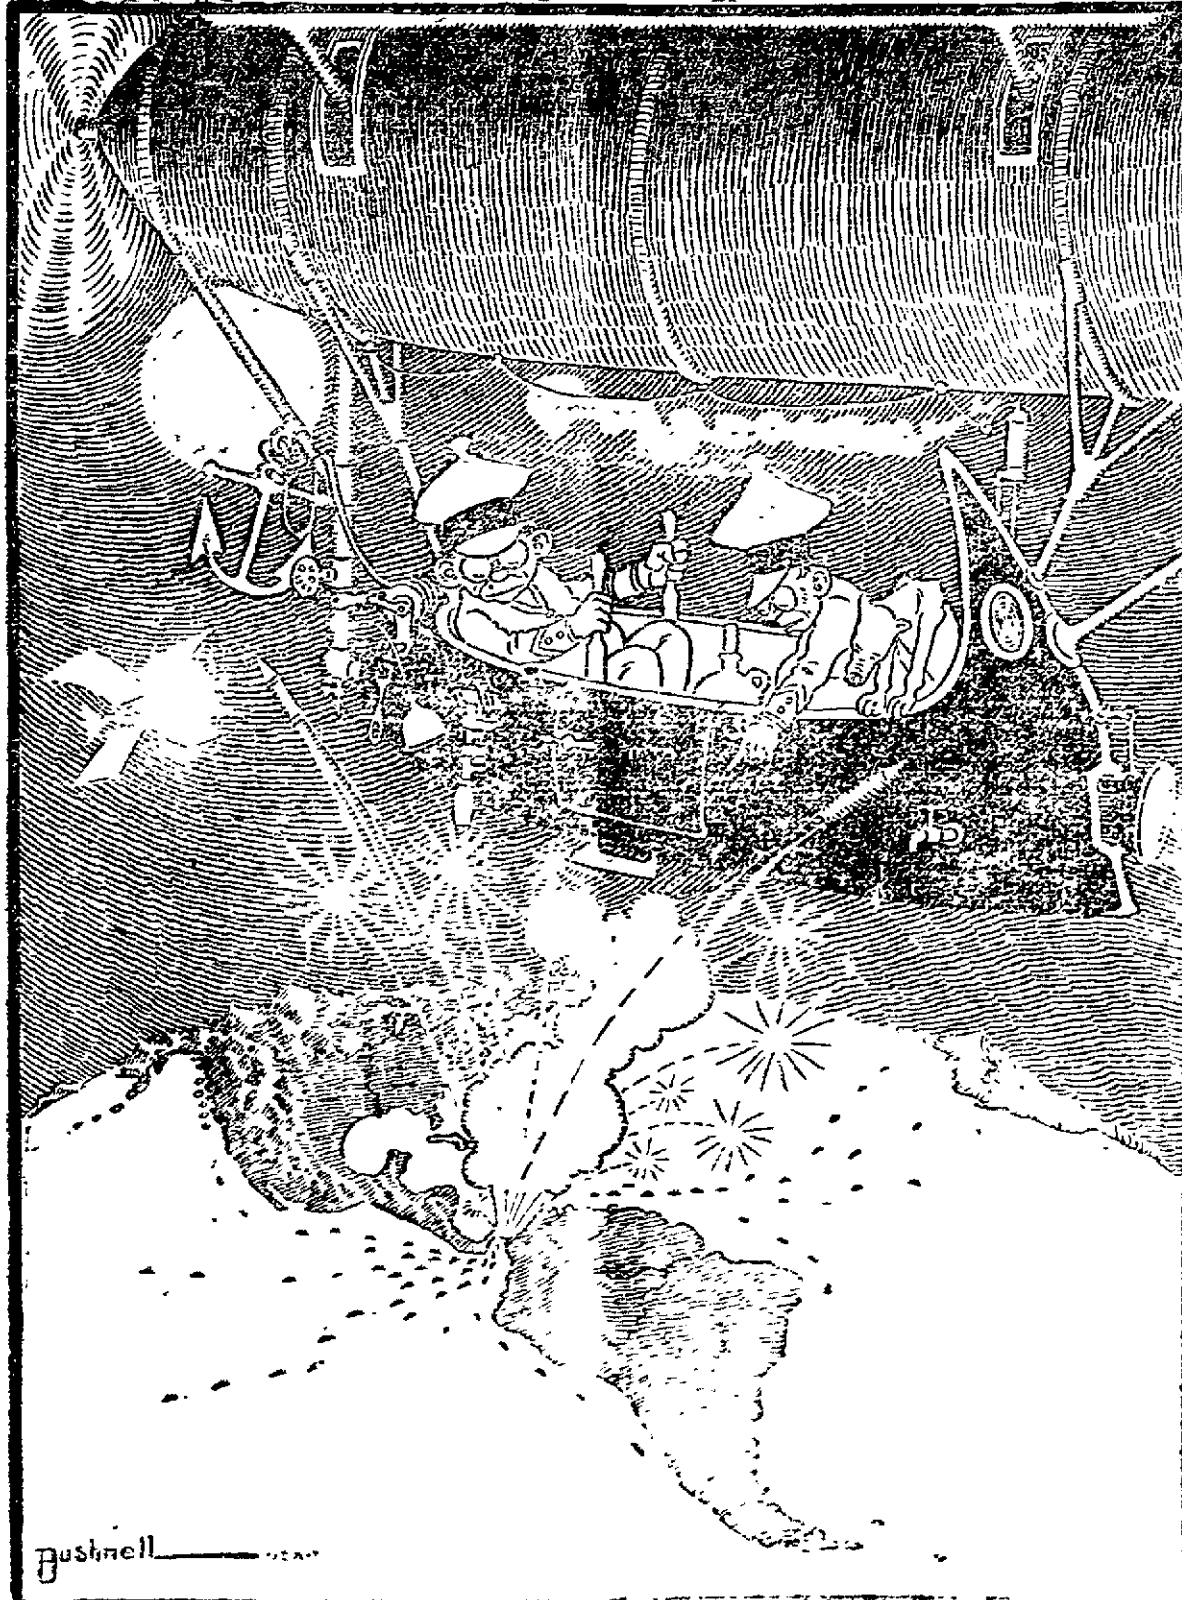

Of Steel Rails to go by Water From Pittsburg to New Orleans in a Few Days.

Pittsburg, Pa., Oct. 6.—If the indications promising high water hold good, 60,000 tons of steel rails will start from Bessemer in a few days on their way to the gulf. The shipment is now being loaded on seventy barges. Much of this steel is for relaying the track on the Southern Pacific road. Some is bound for Mexico and a portion is shipped on European orders for foreign countries. The fleet will go to New Orleans where the transshipments will be made.

Eiffel Doesn't Pay.

Paris, Oct. 6.—The famous Eiffel tower having ceased to pay, will probably be removed shortly instead of waiting till 1910, the date originally set for its demolition. It is rumored that a syndicate is trying to buy the edifice to re-erect it at the St. Louis exposition.

MAYOR ALONZO WEED LOCATED IN NEWARK.

Former Chief Magistrate of Amesville, Ohio, Takes a Job at the Everett Glass Works - Went to Work Tuesday Morning.

Alonzo Weed, the diminutive erst-while mayor of Amesville, Ohio, who has been in Newark since Saturday last, Tuesday morning took a position at the E. H. Everett glass factory and started on his labors.

The duties devolving upon Weed are not judicial or even administrative, but are those of scores of other laborers about the mammoth plant. Tuesday morning an undersized, not unimpressive man appeared at the office of the glass works for a position. A man was needed for the heavier manual labor about the place and he was hired. He gave the name of Alonzo Weed, his name was entered on the books, and his time began. This is the first time the ex-mayor has worked since he jumped into activity at the last election, he had elected mayor of the village of Amesville.

Alonzo Weed was a typical teacher of the rural school in Amesville last spring. The candidate who had been nominated for Mayor of the village had won a nomination but had not been elected. The candidate who had been elected was a good job of a normal man. He was not one of the Republican ticket and after a lively campaign and exciting campaign, the votes were counted and the election was a tie. Weed suggested to his opponent that he cut the cards for the job and this was done. Weed showed the jack of diamonds and the other man the nine of spades. Weed was declared mayor, got his commission and assumed the duties of the office.

The circumstances of the chief magistrate of a village the size of Amesville, was not to the new mayor's liking and he soon tired of it, and abdicated without ceremony, leaving the village without an official head.

The next heard from him was in Columbus, where the old appetite for liquor overcame him and he was several times arrested for intoxication. On his time serving time, he struck Newark soon after his trip to Columbus and while here was given his push by Mr. Charles Slane.

And now the ex-Mayor is at work, and says he is happy, but we shall see.

Philadelphia, Oct. 6.—Thomas and Frank Holms, brothers, and William Carran died in agony this morning as the result of wood alcohol poisoning.

RICH, SAVORY BURGOO PLAYS A PART CAMPAIGN ADJUNCT IN KENTUCKY

A Kettle of Burgoo, Gus Jaubert, the Chef, and Assistants.

Lexington, Ky.—This has been a great season for burgoo, and politics is the cause of it. The campaign for governor of Kentucky has caused Gus Jaubert, of this city, noted burgoo and barbecue expert, to be very much in demand, as the rival candidates for governor both set great feasts at their campaign openings—J. C. W. Beckham, Democrat, at Winchester, and Colonel Morris B. Belknap, Republican at Munfordsville.

What is burgoo? The word of the maker must be taken by those who have never enjoyed a taste, for there is never any of it left for analysis. For one thing, it is evidently "right go-o-o-d," to judge from the way men, women and children crowd round the kettle, armed with bright, new tin cups and spoons, clamoring for their share.

Burgoo is distinctly a Kentucky institution, concocted and dispensed with Kentucky liberality. It is usually found at barbecues, where refreshments are served with a lavish, even extravagant hand. Twenty-four hours before the burgoo is to be finished, busy helpers begin paring or cutting up nearly every fine bit and thrown in. The mixture known vegetable. All this is put into the pot, after various juicy meats and game have been simmering, and when the whole is a thick, appetizing stew, and with the meat reduced to its finest shreds, and the vegetables impalpably fine, you have burgoo. If it is not made right, it does not taste right, and only a gifted burgoo maker can await the outcome of his work with serenity. Even then he does not care sleep a specially at an open-air entertainment."

FIVE PAUPERS IN GEAUGA COUNTY.

Sent to the Poor House by the Boughton-Ford Bank Failure.

Senator Hanna Says Ford Is All Right And He Will See That He Is Kept In Public Office — Savings of the People Swept Away.

Five people have just been admitted to the poorhouse of Geauga county. The taxpayers will have to provide for them hereafter.

The savings of these people were swept away by the \$1,200,000 failure of the Boughton-Ford & Company bank of Boston.

This bank was owned by George H. Ford and his brother. The depositors in the bank, who will not get 5 per cent of their money back, held meetings and learned that Ford knew his bank to be insolvent for months, and yet he accepted and solicited the deposits of the people of Geauga county up to the last minute.

The depositors, beaten out of 95 per cent of their savings by a bank long known by their owner to be "busted," were amazed to learn that George H. Ford had been reappointed a national bank examiner. They learned that Senator Hanna, was sponsor for Ford's appointment. The idea that a man, unable to run his own bank was to be turned loose upon the honest and solvent bankers of the state as an examiner, was beyond belief, and a committee of Republican and Democratic victims went to Cleveland to explain the situation to Senator Hanna. They told their story and then Hanna replied:

"Ford is one of the best bank examiners we have ever had, and he will not be removed."

There are good reasons for Hanna's refusal to remove Ford. Ford is a member of the Ford-Hollenbeck-Parmelee political combination, which controls Geauga county political affairs in Hanna's interest. Hollenbeck was one of the men who helped to buy votes for Hanna when he ran for United States senator, and Hanna could hardly go back on a man who knows so much of his bribery secrets.

As a matter of fact, this is not the first time that Hanna has lent his assistance to indicted or convicted henchmen.

Rathbone, also a purchaser of votes for Hanna, who was convicted and sentenced to the penitentiary, was saved from prison through the intervention of Hanna.

Ford is in public office, living in luxurious style, just as he used to; his depositors and victims are in the poorhouse and Hanna is still "standing pat" and letting "well enough alone."

REPUBLICAN CATECHISM, 1903

Should railroad fares be 2 cents a mile in Ohio?
Ans.—God help us to stand pat.

Should taxes be on the same basis to the farmer and to the public service corporations?
Ans.—God help us to let well enough alone.

Is it right that homes, cows and merchandise shall be assessed at 60 per cent of their value and street railroads at 6 per cent?
Ans.—God help us to continue to let well enough alone.

Is it right that the county auditors and the legislators and judges ride on passes and people who have \$30 to invest at a time ride for 2 cents, while the ordinary fellow must pay 3 cents a mile?
Ans.—God help us to continue to pay 3 cents and look cheerful.

Is it right that the railroads pay half as much taxes per mile in Ohio as they do in Indiana?
Ans.—God help us to let well enough alone, or the railroads will not pay their assessments for the campaign.

Is it right for the state officials to give away the canals of the state, which have cost hundreds of millions, to a private corporation?
Ans.—God help us to see that George B. Cox gets the canals or anything else he wants, or we may not get our usual majority in Hamilton county.

What should a Republican say when he is asked what objection there is to steam railroads paying their just share of taxes?
Ans.—God help us to change the subject instantly.

What is the proper answer to make to a persistent request for a joint debate on the questions of the present campaign?
Ans.—God help us to run away so fast that the red devil cannot catch us.

What is the sound and proper objection to home rule?
Ans.—God help us to understand that Streets and Boss Cox are the greatest and best men who ever lived, and their rule is wise and good.

Why should the little Ohio corporations be discriminated against in the matter of taxation for the benefit of the Standard Oil trust and J. Pierpont Morgan?
Ans.—God help us to understand that the small business concerns are weak and must stand it, while Morgan & Co. are great and mighty.

RAILWAY TAXATION.

A Most Glaring Illustration of the Present Unjust System.

HOW OHIO STEAM RAILS ESCAPE.

State Loses More Than Four and a Half Million Dollars in Taxes Each Year—Table of Figures Showing the Losses Sustained by Each County Under the Present Scheme.

The steam railroads of the state furnish the most glaring illustration of the present unjust system of taxation. The railroads of Ohio are worth on the market \$627,655,073. If they were taxed at 60 per cent of their value, as other property is taxed, they would be on the duplicate for \$376,592,041. Instead they are taxed at \$129,061,974, just 20 per cent of their real value.

The railroads in Ohio escape more than \$4,500,000 in taxes every year. This means you have to pay that much more taxes than you would if the steam railroads paid on the same basis that you pay. The steam railroads pay taxes on from 10 to 20 per cent of the value of their property, while you, Mr. Farmer and Small Home Owner, pay on from 60 to 80 per cent of the value of your property.

Read this table and see how much money your county loses under the present scheme of taxing railroads:

ADDITIONAL ASSESSMENT.

Statehouse Employees Must Help Hanna's Campaign Fund.

Columbus, O., Sept. 25.—It appears that the Republican state committee has placed an additional 1 per cent assessment on state employees above the usual 3 per cent. With the threat of Hanna hanging over them that only those who hustle for the ticket will be reappointed, the assessment is being paid, but the clerks are making wry faces while doing so. The additional 1 per cent is to be used for the benefit of the county committee here, which is hard up for funds.—Cleveland Plain Dealer.

In his Berlin Heights speech Warren G. Harding, Republican candidate for lieutenant governor, admits that he voted for the "curative act," known as the "Cincinnati steal," by which the streets of that city were turned over to a corporation with the right to charge 5 cents fare on the street railroads for 44 years. He defended his action and says that it was the proper thing to do. This issue is now clearly defined.

Hanna calls Tom L. Johnson "selfish and ambitious." Mark will have to hustle himself to get some stronger argument than this. The people have heard him say that before. What about the times which Johnson stands for? The people are interested in hearing about the issues.

When poor father was a Republican the party had a Lincoln to lead it.

MRS. BEATRICE STRAFFORD, OR "MANNA MYSTERIA."

Brooklyn—Under the name of "The Church of Holy Spirits," a band of enthusiasts rally round a woman who claims she is Christ developed over again in female form. The woman is Mrs. Beatrice Strafford, who says she first realized her spiritual importance at a spiritualistic meeting in 1886. She recalls herself "Manna Mysteria," to denote "Mysterious Food for the Soul," somewhere on earth, but prefer to suppress she says she was once an actress and press his identity.

MISS WILLARD'S FAMOUS CAT DEAD.

"TOOTS."

Chicago—Toots, regarded as the most famous cat in the world, is dead.

Over a decade ago he came into international prominence when it was announced that Miss Frances Willard had a splendid Persian puss, who bore the stately name of Gladstone. But when the "Grand Old Man" repudiated certain temperance principles dear to the heart of Miss Willard she promptly christened her pet and called him "Toots."

He instantly became the idol of the White Ribboners on two continents, and there was an immediate demand for his photographs. And so it came to pass that Toots "loo ledepaatsn etat

SAD FATE OF "THE GIRL WITH THE ANGEL FACE"

TOOK HER LIFE BECAUSE SHE DID NOT KNOW WHO SHE WAS—
MOST BEAUTIFUL WOMAN IN CHICAGO AN ARTIST'S MODEL.

Madison, Wis., Oct. 6.—The story of the life of Mabel I. Phillips, the beautiful artist's model, who committed suicide in Chicago, would fill volumes. She took her life because she did not know who she was. Her name, Mabel Phillips, was the one given her by the family which cared for her after finding her on the doorstep 19 years ago. Six months ago someone told her that her name was Lyons and that her mother was rich and lived in Pittsburgh. Miss Phillips advertised for her mother, but could not locate her.

A family of farmers in Wisconsin had a child kidnapped 19 years ago and an effort was made to trace Miss Phillips' career, and the girl and the farmer's wife met, but it was soon discovered that they were not mother and daughter.

Two years ago, while Miss Phillips was yet under 18 years of age, she became an artist's model, and scores of pictures that have brought high prices, bear her head, shoulders and many other parts of her form. She was known to all Chicago as "The Girl with the Angel Face," and was considered by all the most beautiful young woman in Chicago.

The accompanying illustration is from a head painted by Artist H. Rich and Boehm, for whom Miss Phillips frequently posed.

Since the suicide of the unhappy girl, it has become known that she was the child of parents living in Monica, Pa.

WITHOUT MONEY

Columbus, O., Oct. 6.—Frank K. Harris, a young boy, has just returned from a trip to Europe without money. He went away last August without advising his friends of his plans.

His father, J. R. Harris, 207 East Broad street, did not know what had become of him till August 26, when a cablegram from Southampton, England, brought the news that he had been a stowaway on one of the American liners that had just arrived.

Harris spent 10 days in England and then the American consul sent him home.

He arrived in New York on the steamer New York in September and went into a hospital to have an operation performed on his eyes. After getting out of the hospital he came home.

HE USED THE MAILS.

Columbus, O., Oct. 6.—R. G. Hall was committed to jail in default of \$2,500 bail on a charge of using the mails to defraud. The prosecution asserts that Hall bought large quantities of butter, eggs and other produce throughout Ohio and Indiana at fancy prices and then sold the stuff at ridiculously low prices.

The Two Dromios.

Mt. Vernon, Ill., Oct. 6.—"The two dromios" in real life was enacted in the Mt. Vernon city court Monday when the twin brother of Mayor Menke was placed on the witness stand by the defense in the case of the State against the mayor for misfeasance and malfeasance in office.

The twin brother of Mayor Menke is Frank Menke of Paris, Ill. Witnesses have testified in the trial that they had seen Mayor Menke in gambling houses, saloons and questionable resorts in this city at night.

The twin brother testified that it was he who visited the city at night, and that he was the person the witnesses had seen.

Hanna and Herrick are between the "Red Devil" of Cuyahoga county and the deep sea of defeat.

No persons more than Democrats wish Senator Hanna the best of health during the campaign. Democrats more than far-sighted Republicans would be disappointed to see him retire.

It is nothing new for Boss Hanna to refuse to participate in debate. He would not debate even his own bribery case in the United States senate, and a subservient committee saw to it that nobody else should debate it.

The Republicans announce that they will flood the state with speakers who will not know anything about Ohio. While they are talking about extraneous subjects their audience will be thinking about something else.

Under Republican auspices the only difference between home rule in Ohio and in the Philippines is that in Ohio it is not thought necessary to resort to the sword and the rifle. The results of both kinds of home rule, however, are the same.

Why doesn't Chairman Dick get President Roosevelt to endorse Senator Hanna? All the millionaire Republicans in the senate have been asked to do so; why isn't the President included? Is it because he remembers with what reluctance Hanna was obliged to endorse him?

With gubernatorial and senatorial candidates who represent nothing but the commercial idea in politics, there should be no trouble in raising the usual Republican campaign fund this year. Hanna and Herrick have enough at stake and entirely able to put all the bodice themselves.

The number of Ohio Republicans prepared to resist the bossism that has dominated the party in Ohio for years is constantly on the increase. A vote for Johnson and Clarke and for the Democratic and senatorial candidates in every county is the only way to effectually express this sentiment.

Every trust in the United States is interested in the election of Wade H. Ellis as attorney general of Ohio and correspondingly opposed to the election of Frank S. Monnett. The verdict of the people of this state as between these candidates will be either in favor of the public or in favor of the trusts.

It ought not to escape attention that on Saturday General Charles Heywood, commander of the marine corps, was placed on the retired list of the navy after 46 years of gallant service. He was on the Cumberland until it went down with flag flying before the little

Monitor disabled the Merrimack. He was with Farragut on the Hartford in Mobile bay. He had served during labor riots in many places, and had been sent to several foreign ports on special and hazardous missions. And yet this brave chief of the Jackies departed without one word of commendation, not because any regulation in the navy department precluded mention of his career in the order of retirement for age, but simply because such compliment would have contrasted with the ignoring and mean treatment of General Miles. What a tangled web we weave when first we practice to deceive the American people. The press and the people of the land will supply what Secretary Moody in his suppleness was too pusillanimous to do.

THE TWO MEN AT HOME.

Senator Hanna is not afraid to debate, but he cannot afford to associate with men like John H. Clarke, his Democratic opponent.

Mr. Hanna is the star member of the Union club, Cleveland.

Mr. Clarke is the president of the University club, Cleveland.

The Union club teaches a man such expressions as "stand pat," and is one of the few places where a gentleman can get drunk on Sunday, regardless of who is running the city government of Cleveland.

The University club is an organization of college-bred men, who discuss literary, scientific and political matters. Both clubs contain both Republicans and Democrats. Senator Hanna is typical of the one; Mr. Clarke is typical of the other.

Of course Mr. Hanna should refuse to associate with the president of the University club. That club does not measure a man by the length of his purse, and hence must be socialistic in its tendency.

HANNA'S DILEMMA.

If "the gods destroy whom they first make mad," it is easy to see the fate of Mark Hanna. Is there any other way to account for his loss of dignity and his foolish inconsistencies than to conclude he is mad—real, sure enough mad—in almost every sense of the word.

He charges Johnson with being both a socialist and an anarchist, which is equivalent to saying he is both a Democrat and a monarchist. Was this the result of ignorance or passion? Again, he says everything Johnson is charging him with is a lie, and almost in the same breath admits the worst charge in the list by saying: "I am proud of my position on the ship subsidy, and if I am returned to the senate I will do all in my power to have it passed." Is this the way a sane, dignified senator would talk if uninfluenced by passion?

Then, look at his illogical arguments on this subsidy business. He says: "Before the civil war more than 75 per cent of all our exports were carried under the American flag. At the end of the war only 3 per cent. were so carried." And in the face of this he faults the navigation laws. Does he not know that the people know that the navigation laws passed by the Republican party during or after the civil war, and have up to this time refused to repeal, are the very thing that has destroyed our merchant marine and reduced our carrying trade by sea to the ridiculous showing which he exploits? The old Democratic doctrine of "free ships and sailors' rights" prior to the civil war built up our merchant marine, until the white wings of our carrier doves brightened every sea, and our vessels with their rich cargoes invaded every harbor in the civilized world. Why? Because up to the civil war we had no such navigation laws as now blacken the pages of our statute books. Up to 1860 we were fast gathering in the carrying trade by sea of the civilized world. It remained for all this progress to be stayed, and our merchant marine to be swept from the seas by a set of navigation laws passed by a Republican congress, which are a disgrace to the civilization of the age, and more injurious to our shipping than winds, war or pirates, and under which our trade can never revive. To advocate such laws seems to me madness.

Monitor disabled the Merrimack. He was with Farragut on the Hartford in Mobile bay. He had served during labor riots in many places, and had been sent to several foreign ports on special and hazardous missions. And yet this brave chief of the Jackies departed without one word of commendation, not because any regulation in the navy department precluded mention of his career in the order of retirement for age, but simply because such compliment would have contrasted with the ignoring and mean treatment of General Miles. What a tangled web we weave when first we practice to deceive the American people. The press and the people of the land will supply what Secretary Moody in his suppleness was too pusillanimous to do.

BRYAN'S GREAT DAY IN OHIO CAMPAIGN

Three Telling Speeches—Made at Napoleon, Oak Harbor and Sandusky—Hanna Denounced for His Epithets on Johnson—Bryan Wants One Prison for Rich and Poor Lawbreakers.

Sandusky, O., Oct. 6.—It was with fierce invective and direct denunciation of Senator Hanna that William Jennings Bryan last night in this city closed his day of campaigning in Ohio for Tom L. Johnson and the Democratic state ticket. In Napoleon and Oak Harbor he criticised with a free hand certain acts of Hanna, but it was not until tonight that he rose to the personal and impugned the motives that led to statements made by the Senator upon the platform in this city during his visit here. Bryan's statements were in retort to the utterance of Senator Hanna that Johnson was indirectly responsible for the death of President McKinley, which Hanna attributed to Socialism, and of which cult the Mayor, he said, was the head. It was to acres of people that Bryan made reply for they stood by thousands before him. Drawing himself to his full height, and waiting until all was still he cried in his trumpet-like tone: "Shame upon Hanna; shame upon him to try and get political capital out of the bleeding wounds of a dead President. He has sunk low, indeed when he attempts to get back into his power behind the body of a President beside whose bier a whole nation mourned."

The effect was electrical. For a moment the vast concourse stood as if appalled. Then a mighty rolling cheer burst forth. It seemed to rouse Bryan to the highest pitch and for a period a torrent of reproach poured from his lips. He hurled back the charge that the Democrats were responsible for anarchy, charging that it was the unjust administration of laws by the Republicans that was producing the conditions which, in turn, bred these fears of society.

"The United States Judge who puts into jail the man who dares to feed a starving striker and dares not lay a finger upon the rich law-breaker is doing more to encourage anarchy than John Most himself," was one of his judgments. "I believe in the enforcement of the law, but as long as this form of government endures I believe, too, in the same cell for the rich felon and the poor law-breaker," he continued.

Next to this utterance concerning the Senator was his description of him in Napoleon yesterday morning, when he said of him: "I regard Senator Hanna as the master manipulator of corrupt corporation power that the century has produced." Again he referred to him as a coward because he was afraid to declare his position upon the question of asset currency, challenging him to come out and let the people know before he voted what he was going to do. Bryan was highly eulogistic of Mayor Tom L. Johnson, whose "devotion to the cause of the plain people" he lauded at every point where he spoke.

Of him he said: "I rejoice that we have a man like Tom L. Johnson in

this country who is willing to risk his future in the cause of the common people. I pray that his example may raise up other men who will bare their breasts to the malignity of the attacks of the corporations and do something for their fellowmen." To this was added at another place: "If you vote against him you not only hurt yourself now, but you will make it difficult for patriotic men to rise up in the future to fight for the plain people."

While not specific in his mention of the strong points of John H. Clarke he declared him to be infinitely superior to Hanna, the "do-nothing who had been idle for six years in the Senate so far as the interest of the people were concerned," and wanted six more years under the same conditions.

Mr. Bryan essayed in addition to discussing national issues to speak upon some of the questions raised by the Democratic state platform. These were the two cent a mile bill, equality of taxation, home rule and the railway pass issue.

The national issues dilated upon were the asset currency, the Aldrich depositary plan, imperialism, election of United States Senators by a direct vote of the people and the relations of tariff and combines, especial emphasis and much time being given to the senatorial election question. Clarke's endorsement of which is said to have opened the way to his acceptance by Mr. Bryan.

In passing he did not fail to take a whack at the Ohio Supreme Court, saying: "I understand that the people of your state are saying nothing of their Supreme Court just now for fear that if they open their mouths and express their opinions they will be hauled up for contempt." This was used during his arguments for home rule, and referred to the writs of injunction issued against Mayor Johnson in Cleveland.

GORGEOUS STATE CARRIAGE OF THE POPE

Rome, Oct. 6.—The most gorgeous coach in the world is not used simply because the pope is a "prisoner of the vatican" and never appears on the streets of Rome.
In the vatican is a coach house which contains a number of carriages. The real state coach was built in 1825 and cost \$25,000. It is made of strong wood and iron, and is heavily gilded with gold-leaf. The sculptures and carvings are very finely executed, and have real artistic value. The interior is entirely lined with bright red silk. Leo XIII. never sat in it, but Pius IX. and Leo XII. used it during the solemn processions of Corpus Domini.

STREET CAR

Struck a Buggy in West Newark, Slightly Injuring Charles Ludy and John Williams.

As the Newark and Granville car, No. 50, was coming in from Granville Tuesday morning with Conductor Stevenson in charge, the car had a collision with a horse and buggy in West Newark. The horse and buggy were coming in the same direction as the car, towards Newark, when the car slowed up to let a passenger get off. Just as the car started up again, the horse jumped in front of it on the track, so quickly that it was impossible to stop the car, which ran against the buggy. The buggy was upset and the two men in it, Charles Ludy and John Williams, were thrown out. The buggy was smashed to pieces and the men were slightly bruised, though not seriously. From all the circumstances it would appear that the accident was unavoidable.

Parties who were on the car describe the accident as a most appalling one, and one calculated to unnerve one possessed of iron nerves. It is said that when the car struck the rig the buggy was turned over on the track and that one of the occupants was underneath it; that the momentum of the car was so great that the horse, buggy and man were carried along on the track for a distance of fifty yards or more before the car could be stopped. The passengers who were on the car expected to see the whole outfit ground to pieces under the wheels. And right here is where the value of fenders on the cars was demonstrated in a most emphatic manner. Had it not been for the fender the probability is that one or more deaths would have resulted.

Conference of American Board of Missions Wednesday—To be Afternoon and Evening Sessions.

A conference of the American Board of Missions will be held at the Plymouth Congregational church Wednesday. There will be two strong and interesting sessions as follows: Ladies' Missionary Society at 2:30 o'clock; general meeting at 2:45; children's meeting directly after school, when remarks will be made by Dr. Nichols and Dr. House. The evening session at 7:30 o'clock, will be addressed by the same speakers. Dr. Nichols is an eloquent and successful pastor at Marietta, O., and Dr. House has been a missionary for twenty-five years in Turkey. He comes from the storm center. Dr. House is spoken of as a best in himself, and is accounted one of the strongest of platform speakers. The public is cordially invited to share in these meetings.

It is regretted that the service comes on prayer meeting night. Those attending prayer services will be in time to hear Dr. House and your late arrival will be considered no intrusion.

PRESIDENT ROOSEVELT'S DOUBLE

LOS ANGELES PHOTOGRAPHER IS A MARKER FOR THE CHIEF EXECUTIVE AND THE FELLOWS ALL CALL HIM TEDDY.

Los Angeles, Cal., Oct. 6.—President Roosevelt's double in this city and all the fellows call him Teddy. His right name is F. G. Huddleston, and being a photographer, he knows how to sit so that the resemblance in a picture will be striking.

While Los Angelesans are familiar with Mr. Huddleston's countenance he suffers no little annoyance when away from home by finding himself the subject of the inquisitive gaze of crowds of people who constantly remark upon his striking resemblance to the president. Even members of the Rough Riders, who have seen both men declare that they could scarcely be told apart.

Huddleston is about the same age as the president, about the same weight and height and both have the same "I'm-next-to-you" sort of an eye.

If a man steals your purse or breaks into your house and steals any of your possessions he is locked up; if he steals your horse, your clothing or our dog the law has made provision for his punishment.

Anyone may take the empty seat beside you in a street car or on a train and steal your peace of mind. He may boldly ring your doorbell, be admitted by yourself and deliberately rob you of your rest and content. He may remain late and rob you of your sleep, steal your clear head and calm judgment. He may interrupt you at your desk and steal your time and rob you of your good nature. He may steal your strength and your health.

The really valuable possessions are unprotected.

Many households are restless. The mother is restless, the father is restless, the children grow up restless. Within them there is no repose. They are not resourceful. They break in upon their friends and neighbors at most inopportune times.

Many a task remains unfinished because a restless neighbor stole the moments necessary for its completion. Some housekeepers must discuss the most trivial affairs with their neighbors. The world is full of well meaning friends and acquaintances who are constantly interfering. There is no redress. Boys and often steal the time that their neighbors wish to devote to plans for their own families.

Velvet and ribbon with an egret plume compose this smart toque. The crown and brim are of brown velvet, the latter being faced with plaited ribbon in a lighter shade. A cut steel buckle holds the double egret plume in place at the left side.

BREAD MAKING.

With good yeast and flour and a little experience, anyone can make a good loaf of bread. Spring wheat or bread flour should always be used if possible, and fresh compressed yeast, although dry yeast is now so well made that a little more pains excellent bread can be made with it. In using it a large potato, boiled and mashed and added to the sponge makes more palatable bread.

Let us not have it said, as it was during the late bakers' strike in Chicago, that the making of bread at home is becoming a lost art. Find a good rule and practice it, and do not be afraid of it, since there is scarcely any branch of cookery less difficult than bread making.

Here is a recipe used for 21 years in one household with uniform success:

Bread: Mix 1 pt. cold milk and 1 pt. boiling water, all 1-2 tablespoonful salt. When lukewarm add 1-2 cake of compressed yeast, dissolved in 2 tablespoonfuls lukewarm water, and enough bread flour to make a batter. Let it rise 2 hours, add flour to make a soft dough. Knead and let rise until it is double its bulk. Make into small loaves, let it rise to the top of the pan and bake about 45 minutes in a hot oven.

More yeast can always be used when it is desirable to hurry the rising process, some modern cooks going so

OPENING

MEETING UNDER AUSPICES OF DEMOCRATIC COMMITTEE.

B. G. Smythe and Judge Brister the Speakers at a Good Meeting at Hanover Monday Night.

The regular opening of the Licking county Democratic campaign, under the auspices of the County Committee, was held in the village of Hanover on Monday night. The speakers for the meeting were Attorney B. G. Smythe and Judge E. M. P. Brister. The meeting was a good one in every respect, and will certainly be productive of good results.

Owing to the inclemency of the weather, rain falling all the time, and as the meeting was not advertised at all, the attendance was not as large as it would otherwise have been. Nevertheless, there was a good turnout of the representative Democrats of Hanover and vicinity, and a marked degree of interest was manifested by all present in the addresses of the speakers.

Mr. Daniel W. Weaver called the meeting to order, and on motion, Mr. William Robinson was made Chairman of the meeting. Mr. Robinson made a few remarks on taking the chair and then introduced as the first speaker of the evening Mr. Smythe, who made a very happy address and commanded the closest attention of his auditors. Mr. Smythe spoke principally on the State issues of the present campaign, giving most of his attention to the inequalities of taxation, as exhibited in the low valuation of railroads, as compared with other taxable property. He made a scathing arraignment of Mark Hanna, showing the iniquitous manner in which he was first elected Senator, and his odious record as a friend of monopolies and the enemy of the people.

Judge E. M. P. Brister made the closing speech of the evening. He made a strong argument for the necessity of political unity, and the duty of every intelligent citizen to take an active part in politics. He discussed some of the State and national issues involved in the campaign, dwelling at considerable length upon the extortion of the school book ring, which the Democratic party is pledged to put an end to. He emphasized the fact that a vote for the Republican candidate for Representative in this county was a vote for Mark Hanna, and that a vote for Mark Hanna was a vote for the ship subsidy bill and all the other iniquitous monopolies fostered by the Republican party. He closed with an exhortation for the united support of the whole ticket, that being the only way to achieve Democratic success.

An interesting incident in connection with the meeting occurred at its close, when some political documents were being distributed. A little boy, about fourteen years old, who sat near the front of the audience, and who was an attentive listener throughout, reached up for one of the documents. "Why, your father is a Republican," said the gentleman who was passing the documents. "I know he is," said the boy, "but I am a Democrat, and I want him to read the papers."

The meeting was a most excellent one throughout, exciting a great deal of interest and enthusiasm, and will certainly be productive of good results next November.

Do Good—It Pays.

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and kindly show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by all druggists.

WHITE WOMAN AND A MOTOR TO AID HEATHEN IN EAST AFRICA

Warren, O., Oct. 6.—About a year ago Bishop Hartzell, of the Methodist church in Africa, granted Rev. Erwin

Rev. Richards brought back with him to America some of the missionary spirit that he had in Africa, and at once set about raising funds for his school, and since October 1 last he has gathered close to \$30,000 for his mission. The woman's board of the Methodist church has pledged to send \$5,000 for a mission school, and besides sends Miss Virginia Swarnstead, of Cincinnati, back to work among the heathens in Inhabane, of whom there are more than 250,000. When Rev. Richards returns to Africa next month he will take back with him a fine sailboat given by Wisconsin people, 10 corn mills, six bells and other goods for the outfitting of the missions, and last, but not least, an electric motor cycle, which he will use in traveling his charge, and which will be a one-day wonder to the natives, as they take everything for granted, claiming the white man can do anything but keep away death.

Rev. Richards has just completed the translation of the New Testament into the "Sheetwa" tongue, the first translation ever made of the kind, and in the coming five years will also translate the Old Testament into the same language. The jurisdiction over which Rev. Richards has just completed his mission in Inhabane, East Africa, is a year's absence to come to America to raise funds for that mission. The trip

was made, but while on the Mediterranean sea, his life companion took sick and died.

FOOTBALL

KENYON'S FRIENDS SATISFIED WITH THE TEAM.

Yost Agrees With the Advocate—Dille's Strong Team—Local and General News.

The Newark friends of Dr. John Eckstorm, who are also well wishers of the team he is coaching at Kenyon college, were disappointed at the game played with Oberlin on Saturday, but the fact that the team was not beaten is a source of satisfaction. It shows that Kenyon has developed a strong defense, as Oberlin could not cross her goal, but it also indicates that her attack is weak. Now Eckstorm has shown time and again that he can develop an irresistible attack, so that Kenyon's friends may feel assured that the team will from now on use an offensive game that will sweep its opponents down before it. It is a matter of congratulation that the defensive game showed up so strongly on Saturday.

Yost Agrees With Advocate.
The game that Michigan played Saturday against Case was entirely satisfactory to supporters of the maize and blue, as showing the strength of the Wolverines. They completely outclassed the Case eleven and beat them by a score of 31 to 0 as against 18 to 6 last year. This game was analogous to the game played by the Newark Y. M. C. A. team against the Neil Athletic club team at the Y. M. C. A. field Saturday, when the locals defeated the visitors 17 to 0, and the same mistakes were made by both Michigan and Newark, which used up the victors and kept down their score. This mistake was directing almost every play at the opposing line, and a neglect to use more open playing. Coach Yost, a pretty good judge of football makes the same criticism exactly of his team's play against Case that was made in these columns of the Y. M. C. A. team's play. Coach Yost says of the Case game: "Ninety per cent of the plays were directed at Case's line between tackles. Made more end runs been used the score must necessarily have been larger."

This is patent to everyone who knows anything about football. Bucking the line is the most wearing and tiresome way of advancing the ball, and should not be used continuously on a hot day like last Saturday. It is the least spectacular of any variety of football, the man carrying the ball being unnoticeable a moment after he receives it from the quarterback. The method of procedure on Saturday should have been a kicking game varied by other open styles of play. When it was apparent that the local team could at any time hold their opponents the ball should have been kicked down the field, the visitors then held for downs, and the ball pushed over the line when the home team again got possession of it.

It does seem that most teams outside of the best college teams, get an idea into their heads that they must carry the ball for every gain, and generally want to batter down an opponent's line. Even some colleges use the same tactics, but not those who are well coached, and are successful. Try a kicking game, let the ends get down the field and throw the runner in his tracks, hold the opponents for downs, and then if within striking distance of goal, push or run the ball over. This is the kind of game that will be successful and is much less wearing on the men.

Coach Dille's Strong Team.
The Newark Y. M. C. A. team is surely going to make every team that they meet this fall use all the football in their repertoire to beat them. The men are heavy and well conditioned, and have been well taught in the rudiments of the game by Clarence Dille, the coach of the team. Dille seems to have the material, and when they develop more speed and less liability to fumble he will have a team that will make any of them hustle. Dille is a great player and showed Saturday that he is as game as any man who ever wore a canvas jacket. At times he lay gasping for breath from the terrible strain that was put upon him in carrying the ball through the Neil line, always for good gains, but on the next scrimmage he would be in his place ready for more.

Captain Raymond Martin is a fine ground gainer, holds his feet well, is a hard man to down and never loses his head. He should be called upon frequently for good gains. Graham is also a fast back, who runs well with the ball and gets into the play on every scrimmage.

Homer Jones at quarterback is a player of some experience, is strong on interference and a sure tackle. He is fast and should be used for effective gains by quarterback runs. It is understood that Jones has resigned from the team to go into business with his father, and if this be true it is a distinct loss to the team.

Dille has a heavy line and one which can develop speed in formations as well as executing plays. Foss is a star at end, is the hardest man on the team for an opponent to tackle, and will nearly always make good gains. Butler, worth and Evans at tackle are strong in offensive play and are like a wall of adamant on defense.

Edquist and Crawford are a pair of heavy guards, who are strong and not easily hurt. If Soward plays all season as he did Saturday, he will be in center

In all the games this fall. His work Saturday was a feature of the game. He follows the play, always has his eye on the ball, and by his quick work secured it Saturday on a fumble at a critical time. Mullinix at end is also a good consistent player. Dille has a list of good strong substitutes and his team should develop very rapidly.

TOMORROW

CINCINNATI-CLEVELAND GAME WILL BE PLAYED.

Each Team Will Make Every Effort to Win as State Championship is Involved.

The Cleveland and Cincinnati baseball teams could not play the game scheduled for Cincinnati Monday, and went to Columbus where they were to play this afternoon.

The teams will probably come to Newark this evening or early Wednesday morning for their game at Idlewild Park on Wednesday afternoon, which will be played unless there is a driving rain up until the very moment of play. Remember the game will not be postponed for a few showers, but will be played if it is at all possible to do so.

Each team so far has won one game and it makes no difference how today's results, the game Wednesday at Idlewild Park will be one of the most important of the series.

Each team will strain every effort to win as the result of the series is of great importance, as it will decide the state championship. Will it be Cincinnati or Cleveland?

Zanesville Team Coming.
The Zanesville team, which failed to show up for their game with Idlewild last Sunday in Zanesville is booked for two games at Idlewild Park next Sunday, and Manager Drumm has given assurance that his team will be on hand, ready to play the local boys.

The morning game will be called at 10 o'clock, and the afternoon game not later than three.

The Newark team will present the strongest line up that has been seen this season, and local rooters will be given a chance to encourage their favorite team against the much vaunted Zanesvilles.

B. & O. MEETING ENDS AMICABLY AT BALTIMORE.

Employees Withdraw Claims—Funeral of Former Vice President Smith. Local Railway Items.

Baltimore, Md., Oct. 6.—The conference between the employees of the B. & O. railroad company and the officials of that company has ended in an amicable settlement.

There were a number of points of disagreement but these were narrowed down by mutual concessions, and the men, in response to the spirit with which the railroad company met these questions, withdrew the claim for the expenses of the conferences, which they estimated at \$35,000.

This action wiped out the line of division between both sides and concluded the conference.

Railroads to Appeal.
The Pan Handle and Baltimore and Ohio railroads have decided to appeal the case against them for violation of the speed ordinances. The cases were decided against them by default in Squire Atchery's court, a fine of \$50 having been imposed in each of the five cases.

Gen. Smith's Funeral.
Columbus, O., Oct. 6.—The funeral of General Orland Smith was conducted at the chapel at Green Lawn cemetery by Dr. S. S. Palmer of Broad street Presbyterian church yesterday afternoon. At the grave the Grand Army services were in charge of McCoy post of which General Smith was a member and a salute was fired by the G. A. R. drill corps. A number of officers and soldiers of the Seventy-third O. V. I., comrades of General Smith, were in attendance at the funeral.

BASKET SOCIAL.
Hebron, O., Oct. 6.—A basket social and reception will be given at the Methodist parsonage at Hebron on the occasion of the pastor's 43rd birthday anniversary, October 9, between the hours of 2 p. m. and 10 p. m. Everybody invited. Under the auspices of the ladies of the circuit.

Chief Caller Surprised.

Otis B. Idle, chief caller at the B. & O. yard office, as the recipient of a genuine surprise from a number of his friends on Monday night. Monday was the anniversary of the birth of Otis and a number of his railroad friends determined that the event should not pass unnoticed.

At an early hour in the evening they called at his home 303 Clinton street, and immediately took possession of it. Otis was "all in" when the boys came in on him and for a time was unable to realize just what was going on, but he finally rallied from the shock sufficiently to express his gratification at the visit of his friends, and then devoted his entire attention to making all feel at home. Mr. Idle was the recipient of a number of fine presents, among them being a box of choice cigars. Refreshments were served and a good social time was enjoyed for some time when all left wishing Mr. Idle many returns of his birthday anniversary.

Tom English Promoted.

Newark railroad men will be especially interested in the following taken from Tuesday morning's Cincinnati Enquirer: T. J. English has been appointed superintendent of the Mahoning division of the Erie, succeeding J. M. Barrett, transferred. The headquarters of Mr. English will be at Youngstown, O. The appointment was effective yesterday.

Mr. English is well known, having been with the Big Four for a number of years. He left the Big Four to go with the B. & O. as division superintendent. He has been with the Erie for some time at Cleveland. Mr. Barrett, whom Mr. English succeeded, has been appointed superintendent of the Chicago and Erie road, succeeding James Corbett, assigned to other duties.

Officials Are Watching.
Butte, Mont., Oct. 6.—Despite the fact that the date set by the blackmailing dynamiters who ask \$50,000 from the Northern Pacific has expired without violence, the greatest precautions are taken here. All hunters outward-bound are deprived of their guns as the detectives fear the dynamiters might enter a train as sportsmen. It is thought that if nothing is done tonight the dynamiters will be no longer feared.

DR. YARNELL

Is one of the oldest and most experienced Medical Specialists in Ohio, and has probably the largest and most complete record of Difficult chronic cases successfully treated of any physician now practicing in the state. Catarrhal deafness absolutely cured. Nearly every case of impaired hearing in both young and old is now traceable to some form of Catarrh.

Will Again be at Newark, Hotel Doty, October 7, 8, 9, 10, 11 and 12

This announcement will appear but once before each visit.

Important Facts

About Catarrh

It is an established fact, confirmed by the experience of every Catarrh Specialist, that Catarrh in all its forms, when rightly understood and properly treated, is as curable as any obstinate chronic disease. No two cases of Catarrh are precisely alike. Remedies adapted to one case may prove a positive injury to another. Each case must be studied and treated separately—and it is manifestly impossible for the most skillful physician to prepare one medicine that will meet all the varied conditions presented in the different cases of Catarrh, and no one should feel discouraged and give up the hope of a permanent cure because they have failed to obtain satisfactory relief by "ready made" remedies or from physicians who have given catarrh no special study.

A Warning to Catarrh Sufferers

No one with Catarrh is safe—you have already passed or are rapidly approaching the danger line. Another winter may carry the dread disease to the lungs. Don't think your escape during the previous winters is any security against another winter. The aim of this insidious disease is always toward the lungs. Your very next cold may be the fatal one.

Four-fifths of the incipient cases of Consumption throughout the land are the sad ending of a neglected catarrh. If you are in the grasp of this dread disease, you have no time to lose. Consult Dr. Yarnell at this visit.

Liquid Kidney Remedies Contain Dangerous Alcohol.

MRS. REBECCA T. SAULNER WAS CURED AFTER YEARS OF KIDNEY TROUBLE.

Aug. 26, 1903, Mrs. Rebecca T. Saulner of 1770 Girard Ave., Minneapolis, Minn., wrote: "For a long time I had severe pains and lameness through my kidneys with brick dust deposit in the urine. Years ago I had a similar attack and was cured by using Dr. Pettingill's Kidney-Wort Tablets, which relieved me at once, and I am now in perfect health. No one need suffer from kidney troubles when they can secure Kidney-Wort Tablets."

"We could not hold our intelligent class of patrons a day," said one of Boston's high class druggists, "if we sold liquid kidney remedies that we know contain dangerous alcohol. We do recommend Kidney-Wort Tablets because the Tablets are free from alcohol and prepared from a well known prescription of Dr. Pettingill. Every day we hear from persons who have been cured by Kidney-Wort Tablets. They have your urine, your back, your general health led you to wonder if your kidneys are sound? Write to Dr. Pettingill, Burlington, Vermont. Give him because the Tablets are free from alcohol and prepared from a well known free."

MILLER CASE

Washington, Oct. 6.—The Central Labor Union last night after further discussion of the Miller case, adopted the following resolution:

"The Central Labor Union of Washington, D. C., pledges fealty to organized labor above that of political party and will maintain and defend the principles of trade unionism wherever and by whomsoever attacked regardless of the interests of any faction, or the political advancement of any individual. This body, therefore, hereby indorses the sentiment expressed in the recent address of a sub-committee of the executive council of the American Federation of Labor, opposing the anti-trade union policy of the 'open shop.'"

ATTENTION, SOLDIERS!

Surely the testimony of one of the survivors of the war of '61 will carry conviction to the mind of every thinking individual. We all know the suffering and privation which the men went through during those years of fighting, and also the depleted physical condition of many of them at the close.

Dodge Center, Minn., May 23, 1903.

Gentlemen: I am one of the survivors of the U. S. sanitary commission of the civil war. I am 67 years old, and owe my comfort in living these later years of my life to your Shredded Wheat, which I have used from my first knowledge of it, six years ago or more. I write to say that I have just received your circulars, "The Vital Question," and Gen. Booth's "Eureka." I am amazed at the extent of your operations and the large, effective way your work is extending. Thousands of our brave fellows died of sheer hospital starvation from inability to assimilate the eternal toast and tea and farina and corn starch "hospital diet," that soon excited disgust, and could not be eaten with the endless whisky and quinine. In the extreme south I became involved—a starved dyspeptic—never "saved" until I found your Biscuits. "You have begun and done a great work. I am glad to see you are getting part of your reward in this world. I am, (Signed) J. M. SPERRY.

The Natural Food Company of Niagara Falls will be pleased to send their Cook Book, "The Vital Question," illustrated in colors, free to any address upon request.

CITY COUNCIL

Wehrle Addition to City Accepted Under Suspension of Rules--Ordinances and Resolutions Approved and Disapproved By the Mayor--Reports on Proposed New Sewers and Sidewalks.

The City Council was called to order Monday evening by President Roesel, all members answering the roll call.

The finance committee recommended the passing of an ordinance for the issuing of \$3000 bonds. The report was received and filed.

The law committee reported in favor of council's having the law committee, together with the president of the council and two other members of the council to act as a committee to settle the case of Stout vs. the City of Newark. Messrs. Conrad and Carlisle were appointed as the two members to act on the committee. It will be remembered that Stout sued the city for damages sustained by falling down a stairway under the opera house on West Main street about three years ago.

Mayor Crilly's report for the month of October was read and showed that \$215.50 had been collected during the month in fines and licenses. The report was received and filed.

The mayor's report approving various ordinances and resolutions passed by council was received and filed.

The resolution to compromise the suits of the city against the B. & O. and the P. C. C. & St. L. railroad companies, was returned by the mayor who gave as his reasons that the suits have gone to judgment, that the railroad companies have withdrawn their offer to erect gates at various crossings, and that the companies have a new proposition to submit; referred to the street committee.

The mayor returned the ordinance to issue bonds to the amount of \$46,800, on the grounds that it is in direct opposition to sections 95 and 111 of the municipal code; referred to the finance committee.

The mayor's veto of the resolution to extend the water mains in the west end of the city, was read. The reasons given are that there is not sufficient money on hand and because of the possibility of the city buying the water works. The report was referred to the committee on public safety.

Civil Engineer Wells submitted a report showing that the construction of a five foot brick walk on the east side of Pine street from Maholm street to Union street will cost \$590.16, or 45 cents per line foot. A similar sidewalk on both sides of Wing street from East Main street, to the P. C. C. & St. L. railway tracks will cost \$1220, while a sidewalk on both sides of Grant street, will cost \$1674.56. The report was received and filed.

Dr. Stedem, representing the Board of Health was present and spoke favorably on the issuing of \$3000 bonds for the emergency fund. The doctor reported that the Board of Health is about \$600 in debt.

An ordinance to construct sidewalks on Flory avenue from West Church street to Locust street was read for the third time and was passed.

An ordinance to raise money by selling bonds to the amount of \$500 to pay off the debts arising from the smallpox epidemic was read for the second time. The ordinance was given its third reading and was passed under suspension of the rules.

An ordinance accepting Samuel F. Voorhees' plat of Wehrle's addition to the city of Newark was read for the first time and was given its second and third readings and final passage under suspension of the rules.

A like ordinance to accept E. H. Everett's plat of the Riverside addition to the city was presented by Judge Hunter and was given its first reading. The ordinance was referred to the street committee.

An ordinance to construct sidewalks on both sides of Wing street from East Main street to the P. C. C. & St. L. railway tracks was read for the first time. On motion of Judge Hunter the ordinance was read for the second and third times and passed under suspension of the rules.

An ordinance by Mr. Moser to construct sidewalks on the east side of Pine street from West Main street to Union street, was passed under suspension of the rules.

An ordinance by Mr. Moser to construct sidewalks on both sides of Grant street from Union to Williams street, was passed under suspension of the rules.

Resolutions.

By Hunter—That the board of public service give an estimate of the cost of construction of sidewalks on the east side of Penney avenue from the P. C. C. & St. L. railway tracks to Tuscarawas street; adopted.

By Moser—That the water mains be extended on West Main street under the direction of the board of public service; adopted.

By Hunter—That the board of public service give an estimate of the cost of the construction of a sewer on Locust street from Fifth street to Twelfth street; adopted.

TWO MOTHERS

Each With a Babe in Her Arms, Arrested in Bowling Green.

Bowling Green, O., Oct. 6.—Mrs. Nancy Thompson, and Mrs. Matilda Buffington, each with an eight months old babe in her arms, are prisoners in the county jail charged with a murderous assault on Eva Stevenson. Their alleged victim has been in an unconscious condition since Saturday, and it is believed that she will die, in which case they will be charged with murder.

The Stevenson girl, it is alleged, disclosed the presence of the accused women at a dance. This led to the assault. Justice King committed the Thompson and Buffington women to jail in default of bail.

AMUSEMENTS.

Augustus Thomas is given time he is likely to give to every State in the Union the dignity of personal portraiture of its costumes and people in a stage-told story. Following up his earliest success, "Alabama," which was announced at the time as the "greatest American play," came "In Missouri," that excellent comedy drama in which Nat Goodwin came so conspicuously to his artistic laurels. "Arizona" is said to be better from an artistic standpoint than either of his previous efforts, and the title indicates the locale and suggests the people and the subject matter of the story. "Arizona" is not a melodrama, has shown that amidst the crude surroundings of frontier army posts and cattle ranches, human hearts and human emotions are as tender, as loyal, as responsive, as they are to be found in more favored localities. The play as will be remembered, introduces Uncle Sam's cavalry men, the picturesque vaqueros of the western ranges, and, of course, some delightful types of far West womanhood. The author has supervised the staging himself, of the play, and in the incidental features of the work he has had the valuable expert assistance of Fredrick Remington, the incomparable pictorial delineator of Western scenes and characters. "Arizona" will be presented again at the Auditorium tomorrow night.

GENTRY BROS.' PARADE.

The street parade presented by Gentry Brothers' Shows this season is twice larger than before. It is composed of nine sections, each one complete in itself. Numerous kinds of music are interspersed at intervals in the pageant. Nearly every clime is represented by some of its baby animal potentates. Fine camels, comical monkeys, dainty ponies, pretty dogs and sagacious elephants make up one section which surpasses the parade of most shows to say nothing of the score or more of gold bedecked chariots and miniature dens. The consolidated parade of the Gentry Bros.' Show is a sight worth seeing and the little folks should not be denied this privilege. It will start from the show grounds at 10 a. m. The shows will exhibit here on Friday, October 9.

VILLAGE POSTMASTER.

Oddly enough, cottage bonnets and the quaint frocks of 1850 never had been put on the stage of New York till the production of "The Village Postmaster." There had been all sorts of costume plays, but if this period had been touched on, it had not been properly costumed.

Manager Rosenquest shook his head and was afraid the women were going to look like frights, but Alice E. Ives insisted on correct dressing and, strange to say the stage manager agreed with her. Miss Ives had trouble enough digging up old Godey's and Harper's magazines and making the sketches of the gowns. But when the night of the dress rehearsal came, the manager was taken completely by surprise at the charming picture made by the women. Possibly the dressing had something to do with it, but at any rate the play "caught on" with both critics and audiences. It has played 227 nights in New York City and 125 nights in Chicago, to say nothing of its runs in other large cities and will be presented at the Auditorium on Wednesday, October 14, with all the special scenery, properties and big cast, including Mr. Eugene Powers, of the original cast, who is now with the company, and plays the title part. His work in this role places him among the leading character actors in this country. Many vaudeville novelties are introduced in the play this year and the entire company and production will be taken to England next fall for a long tour.

COMING SOON.

The success everywhere achieved by Denman Thompson and Geo. W. Ryer's greatest of all pastoral plays, "Our New Minister," which Newark sees again at the Auditorium on Thursday, October 15, is, in a measure, due to the excellence of the cast, with the result that the performance is as near perfect as human effort can come. The all star cast will be seen.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Ammon, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1 bottles guaranteed by Frank D. Hall.

STEPMOTHER

Of Supreme Justice's Bride Seeks Her Arrest, Warning That Mrs. Davis Won't Support Her.

Columbus, O., Oct. 6.—Justice Davis, of the Supreme Court, may be called upon to determine the merits of a case in which his bride of a few weeks is defendant.

Mrs. Charles Meyers, of 70 1-2 East Towne street, asked the police to arrest her stepdaughter, Mrs. W. Z. Davis, on a charge of non-support. The police refused to interfere in the matter on the ground, they said, that it was the duty of the Humane Society to make such prosecutions.

Mrs. Meyers says her daughter is able to care for her, and that she is dependent. She told Police Precursor Roebuck that her husband was an invalid, and that she needed help.

The stepdaughter, Mrs. Davis, wife of the Judge of the Supreme Court, says she will have nothing to do with her stepmother. She says she has refused to do anything for her for 14 years.

The law says that children must care for dependent parents, but no Court, as far as is known here, has been asked to decide if stepchildren are included in the term "children."

England makes but a third of the machinery used by its farmers. Of the remainder \$1,308,000 worth of it comes from America and \$212,000 from Canada.

SHELF BROKE

AND MISS STAPLETON WAS BURIED UNDER CANS.

Bookkeeper at Lamb & Palmer's Grocery Rendered Unconscious by a Peculiar Accident.

Miss Lizzie Stapleton, book-keeper in the Lamb & Palmer grocery on West Main street, was painfully injured Tuesday morning, and for a time it was feared her accident would result in serious consequences.

She was seated at her desk about 10:30 o'clock, when without a moment's warning a shelf above her head, on which canned goods had been piled nearly to the ceiling, gave way and she was literally buried among scores of cans of corn, tomatoes and fruits. She was sitting directly under the shelf, leaning over her work, while her brother, John Stapleton, a clerk in the store, was standing directly back of her using the telephone when the crash came.

Miss Stapleton was rendered unconscious and Doctors D. H. Miller and D. M. Smith were summoned. The physicians worked with the injured woman for some time. It was found that she was painfully hurt about the head and shoulders and sustained a severe nervous shock, but it is not thought her injuries will prove serious. She was taken to her home, 160 South Sixth street in a cab and was much better in the afternoon. Mr. Stapleton was comparatively unhurt.

SCHOOL BOARD

Defers Award of a Heating Contract—Bids Were Received but No Action Was Taken.

At the meeting of the Board of Education Monday afternoon, Superintendent Townsend reported that the normal training class will meet next Friday afternoon.

Twenty dollars were appropriated for music to be used in the third grade.

The awarding of the contract for installing heating apparatus for Case avenue school building, just east of the Everett glass factory, was taken up, but action was deferred until next meeting.

The bids received for installing the furnace were as follows: The Columbus Heating and Ventilating company, \$687; Bartlett Brothers & Co., of Cleveland, \$742; the Peck-Williamson company, Cincinnati, \$510; Bryce Heating and Ventilating company, Toledo, \$620; Pacific Furnace company, Springfield, \$395; and Simpson Furnace company of Newark, \$315.

Bills were allowed as follows: Wm. Vogelmeier, supplies, \$2.45; Cole's loan office, one table, \$1. C. V. and C. F. Phelps, sharpening lawn mowers, \$4.85.

J. J. D. McNamar, washers and nuts, \$2.68. C. A. Smith, papering and painting, \$14.25.

The Fair, five baskets, \$3. American School Furniture company, 241 desks, \$505.35.

T. A. Fulk, supplies, \$3.90. Walter Gettings, putting down seats \$6.50.

J. J. Carroll, window shades, \$2.95. E. W. A. Rowles, one gross erasers, \$15.

The following members of the Board were present: Messrs. Christian, Fulton, Henderson, Keller and Haight; Vice President Henderson presiding.

EMPLOYEES

Of the Electric Railroad given an Outing by the Management on Tuesday.

Tuesday morning at 8 o'clock a special car for Columbus left the interurban depot, carrying about 70 people, embracing the employees of the Newark and Granville Electric road and the C. E. L. and N., who live in Newark, with their families. The Buckeye Lake employees living at Hebron also had a special car from that village to Columbus. The cars carried the employees to Columbus and returned to Buckeye Lake where dinner was served. All returned to Newark this afternoon at 4 o'clock and relieved the crews that had worked during the day. These will have their excursion this evening.

Every one who went enjoyed the trip and all were grateful to the management of the road for the pleasant features that helped them enjoy a very pleasant day.
